

Annual report fiscal year 2020

Administrative report

The Sweden-Latvia cooperation fund board submits the following report:

General

The Foundation for the Sweden-Latvia Cooperation Fund (Stiftelsen Samarbetsfonden Sverige-Lettland, hereafter – the Fund) is based in Stockholm, Sweden and operates under Swedish law.

The Fund shall promote cooperation between Sweden and Latvia by fostering mutual exchange and sharing of knowledge about culture and social relations between the peoples of both countries, including promotion of the Latvian language in Sweden and vice versa. Exchange and cooperation between young people to promote social coherence, creativity, innovation, and entrepreneurship are specially emphasized.

The Fund initiative was announced by the Swedish Government in May 2018. Corresponding foundations for promoting cooperation between Sweden and Estonia and Lithuania respectively were founded. The capital was added to by the Government of Latvia, in late 2019. The Fund's capital is managed by Kammarkollegiet¹ in accordance with an agreement between the Fund and Kammarkollegiet.

There are eight members of the Fund's Board. Four represent Latvia: Mr Margers Krams (**chairman** of the board), Mr Ēriks Eglītis, Ms Līga Lejiņa and Ms Dace Vilsone. Four represent Sweden: Mr Anders Ljunggren (**vice chairman** of the board), Ms Daina Millers-Dalsjö, Ms Lena Wolmner and Mr Staffan Nordström.

The board has appointed Moore Allegretto AB, and Mr Lars Erik Engberg as the main auditor to audit the Fund and Ms Austra Kreslina at Baltic Reach AB as project manager and coordinator of the Fund's operations.

Purpose promotion

The purpose of the Fund is to support projects that stimulate development of the bilateral relations between the countries. The purpose is to strengthen, broaden, renew, and diversify the Swedish-Latvian relationships. Project applications can be submitted by organizations, associations, individuals, groups, institutions, and companies.

During 2020 two rounds of project applications have been announced in Sweden and Latvia using social media, and the Fund's website (www.swelatfund.org). Both channels have proved to be useful platforms for spreading information to relevant applicants in both countries.

A total of 92 submitted applications have been reviewed during the year, of which 10 were granted support; five in the spring and five in the autumn. A total sum of EUR 18 354 has been allocated (SEK

¹ The Legal, Financial and Administrative Services Agency

186 500). Two of the granted projects declined their respective grant referring to the pandemic, two have chosen to postpone implementation, due to the pandemic.

As required by the statutes, the Fund's board adjusted equity placements to ensure a balance between protecting restricted capital against inflation and providing higher revenue for advancement of the purpose. The board also evaluated the responsibility of the investment from a ESG (environment, social and governance) point of view as presented by Kammarkollegiet.

To further develop the fulfillment of the Fund's purpose, the board has been engaged in finding external financiers to add to the capital from the corporate sector as well as private donors. This has been done together with the sister cooperation funds, Sweden-Estonia, and Sweden-Lithuania. Due to the insecurities about the future the pandemic brings, discussions had to be extended with hopes for a fruitful outcome in 2021.

Significant events during the fiscal year

According to the statutes, and following the decision taken by the board on Dec 3rd 2020, the chairmanship of the Fund was transitioned from Sweden to Latvia. Chair is now Mr Margers Krams and vice chair Mr Anders Ljunggren.

The board has had four board meetings, all virtual. A successful cooperation with Kammarkollegiet has been established, with a continuous dialogue regarding investment strategies of the capital.

Multi-year overview

The year 2020 was the second year of operations for the Fund, the first year of active project grant allocation. The conditions for fulfilling the purpose of the Fund using the capital donated by the Governments of Sweden and Latvia are good. Grants will be allocated in 2021 with further developed and adapted assessment criteria.

As the Board was informed by the fund manager at Kammarkollegiet the investment of the restricted capital was affected by market fluctuations due to Covid-19. However, there was a good recovery and the end of year 2020 was finished in positive territory.

Multi-year overview (SEK)	2020	2019			
Net turnover	432 690	368 420			
Profit after financial items	504 609	358 147			
Balance sheet total	13 166 211	12 793 002			
Unrestricted capital	296 110	185 620			
Allocated grants	167 619	0			

The foundation's results and financial standing in general are stated in the subsequent income statement and balance sheet with annotations (SEK).

Annotations

Note 1 Accounting and valuation principles.

The annual report has been prepared in accordance with the Annual Accounts Act (årsredovisningslagen, ÅRL 1995:1554) and the general advice of the Swedish Accounting Standards Board's (Bokföringsnämndens allmänna råd, BFNAR 2016: 10) on annual accounts of smaller companies.

Consortia at Kammarkollegiet are constructed using the same principles as for mutual funds but not supervised by Finansinspektionen (Sweden's financial supervisory authority, FI) and not covered by the law on mutual funds (Lagen om värdepappersfonder, 2004:46). The consortia are managed in the same way as mutual funds, which means the assets are owned jointly by the holders and each share has the same market value and the same right to the consortium's capital. In terms of bookkeeping the shares are handled in the same way as shares in mutual funds where dividends from consortia consist of direct returns. Neither realized, nor unrealized changes of value are distributed.

Acquisition costs for shares in share consortia are the market value at the time of acquisition and redemption, respectively, however, not more than one so-called nominal value which is determined for one year at a time and corresponds to the market value immediately after the dividend has been paid. If the market value at the acquisition and redemption date exceeds the nominal value, the difference is regarded as accrued interest.

Sale of shares is always carried out at the market price of the day of sale.

Current assets in the balance sheet are valued at the lower of cost and market value on the balance sheet date. Fixed assets are valued at cost or according to the same principle as current assets in cases where the decline in value can be assumed to be permanent (4 kap § 5 ÅRL). However, Kammarkollegiet applies a portfolio valuation for consortium customers, which means a collective valuation at the end of the respective customer's holdings in the consortia. The valuation method reduces the risk of impairment/reversals in case of temporary fluctuations in the market.

Equity is divided in restricted and nonrestricted equity. The restricted equity of the Fund is usually not available for distribution of grants and consists of Fund capital (the original donation and potential later donations) as well as accumulated capitalization, capital gains and write-downs. Everything else is the foundation's free, or nonrestricted, equity. Granted grants are accounted for as liabilities and reported against nonrestricted equity. Granted grants are accounted for as liabilities and reported against nonrestricted equity.

Disposition of the result for the year is done as follows: the part of the result for the year relating to capital gains/losses and any write-downs are transferred to restricted equity. Restricted equity also includes the amount that, according to the statutes, is to be used for capitalization. The remainder of the profit for the year is reported as unrestricted equity and is available for distribution.

All amounts are SEK unless otherwise stated. Rounding differences may occur.
